# The 55<sup>th</sup> Japan Annual Technical Conference on Sewerage (JATCS) Call for Papers & Registration

JATCS is an annual event hosted by Japan Sewage Works Association (JSWA). JATCS has been playing an important role in development of Japanese wastewater industry, new technology and expertise in order to achieve clean water. Last year, more than 2400 professionals participated in JATCS. It coincides with the annual Sewage Works Exhibition, which is the largest event as wastewater trade show held in Japan.

JSWA welcomes international speakers and non-speakers to meet and exchange information and expertise with Japanese wastewater professionals from utilities, governments, private companies, academia, research institutes and NGOs. Facility tour is also organized in English as well.

The JATCS committee of JSWA selects presentations from the applicants based on the qualities of papers into three sessions; Resource Recovery, Strategy and Best Practice, Science and Technology. The papers already presented are allowed. Keep in mind that getting a permission for the use of copyrighted material is the responsibility of authors. We publish our copyrighted proceeding with your papers in electronically and hardcopy format. We do not accept sales presentations. The selected papers are compiled into electronic proceedings and distributed to only participants in advance of the conference. Please note all the applicants are not guaranteed to get the opportunities for presentations.
